

"LOKRITE SAFETY BACKUP"

"HANDS FREE THE SAFEST WAY TO BOLT UP"

Available in nut sizes
from 1 1/4" to 6 1/8"

Magnets embedded in unit allow
it to hold to carbon steel
creating hands free operation.

Has release bolt for quick
release under tension. Hammers
not needed for removal.

For use in tight and space
restricted areas.

Great for non-sparking areas.

Can be used for breakout.

Lanyards can be installed for fall
protection.

Can be custom fabricated for
almost any application.

Our new open end wrench with locking cleat
will in almost all cases fit where an open end
wrench will fit. But you are now hands free.
